Dear Dennis, 7/17/98

Thanks for your 7/14 and the enclosures.

As of now it makes no difference when you are in Frederick and here and absent medical appointments not now scheduled that will not change.

You will just miss the Meichters but you will meet a new friend who is now typing the manuscripts and will be distributing the diskettes of them. Clayton Ogilvie. He'll be here from the 24th through the 30th, if I remember correctly.

Glad that my friend Bill Mills is helping you. I was sure he would. If I know Bill, busy as he is, if he knows what can be of use to you by now he has sent some of it to you.

We look forward to seeing you and the Meichters. They will wind up at a seminar in Washington Betsy is going to.

Thanks and best,

Harold
